

EDGE-120

The EDGE-120 is a flexible LED ribbon in the OZ LED Lighting range using 355 SMD LED's. The EDGE-120 has been developed with the LED's facing the edge of the ribbon to give an even light along its length. Best used in decorative lighting, architectural lighting, back and edge lighting of signage to achieve a halo effect.

Created for bright mini applications where space is at a minimum. Ideal for use around the edge of structure to light

Features
